Portfolio: https://vikasmunuganti.github.io/Portfolio/

## EDUCATION

**ACE Engineering College (ACEG), Hyderabad** — Nov 2022-Jul 2026
Bachelors of Technology- Computer Science and Engineering(Data Science) — ***CGPA: 8.83 / 10***
**S.R. JR College, NIZAMABAD** — Jun 2020-Mar 2022
Intermediate - MPC — ***Percentage: 93.3%***
**Zilla Parishad High School, Konasamundhar** — Jun 2019-Mar 2020
SSC - 10th — ***CGPA: 10***

## SKILLS

**Programming Languages:** Java, Python, R, C

**Database:** MySQL, MongoDB, Excel

**Tools:** Power BI, VS code, Tableau, Jupyter

**Web Development:** HTML, CSS, JavaScript

**Areas of Interest:** Data Structures and Algorithms, Operating System, Objected Oriented Programming, Computer Neural Networks, Machine Learning libraries (e.g., pandas, scikit-learn), Data Analytics, Data Mining, DBMS, Complexity analysis

## PROJECTS

**AI-POWERED CODE REVIEWER**

**Domain: Tech Stack: MERN (MongoDB, Express.js, React, Node.js), AI/LLM Integration**

- Developed a full-stack application that enables users to submit code for automated AI-based review.
- Implemented intelligent error detection and improvement suggestions using AI-driven analysis.
- Addressed key development challenges such as error handling, code formatting, CORS, deployment, and UI responsiveness.
- Enhanced code quality and efficiency by automating the review workflow and reducing manual effort.
- Integrated frontend and backend seamlessly to deliver real-time, user-friendly feedback.

**PLANT DISEASE DETECTION**

**Domain: Deep Learning (CNN) | Language: Python**

- Developed a deep learning model using Convolutional Neural Networks (CNN) to automatically detect plant diseases from leaf images.
- Replaced traditional manual feature extraction with CNN-based feature learning for improved accuracy and efficiency.
- Enabled early detection and diagnosis of plant diseases, helping reduce crop loss and support timely treatment in agriculture.
- Addressed key challenges in traditional methods by automating image analysis and improving model performance through training on diverse datasets.

## CODING PROFILES

**Hackerrank : 22AG1A6744 ( 3 Star Rating )**
**Leetcode : VikasMunuganti ( rating : 1083 )**
**CodeChef :** vikasmunuganti **( rating : 866 )**

## CERTIFICATIONS

- **Simplilearn** - Data Science with Python
- **UiPath** - UiPath Automation Explorer for Students
- **Smart Interviews** – DSA (https://smartinterviews.in/certificate/cbd51b2d)
- **Cisco** – CCNA complete course

## ACTIVITIES

- Participated in the **Smart Interviews** initiative and received in-depth training during college, leading to a notable enhancement in problem-solving skills and improved collaboration with peers.
- Actively participated in weekly coding challenges on platforms such as **Codechef, Leetcode, Codeforces**, significantly improving algorithmic thinking and technical problem-solving abilities.
